Perry Davis'

AN UNFAILING CURE For All Summer Complaints,

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; but with a safe remedy at hand for immediate use, there is seldom danger of the fatal result which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and sometimes costs a life.

costs a life.

A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

hands.

It is recommended by Physicians,
Nurses in Hospitals, and persons of all
classes and professions who have had
opportunity for observing the wonderful
results which have always followed its

Farm and Garden Notes. Quicklime is destructive to worms, this.'s slugs and the larvæ of injurious in-

and fed to pigs keeps them in excellent health, and if mixed with a little barley meal makes the sweetest and best of bork.

And why so?

"It is this: when he had drunk he caused to be thirsty, and that is all that be caused to be thirsty, and that is all that bork.

And why so?

"It is this: when he had drunk he caused to be thirsty, and that is all that be caused to be thirsty. The caused to be thirsty, and that is all that be caused to be thirsty. The caused to be thirsty, and that is all that be caused to be thirsty.

To keep seeds from the depredations of mice mix some pieces of camphon with them. Camphor placed in trunks or drawers will prevent mice from doing them injury.

The larger part of the garden vegeta, bles should be planted in long row rather than in short, cross rows, and the labor of hoeing will be materially lessened. Onions, beets, radishes, etc., can be best sown in this manner.

As a rule the size of the seed will indi-cate the depth to plant it, starting at one-half inch with the smallest, such as celery, parsnips, etc., while neas and beans may be put one and a half inches

Figs on Dairy Farma.

A dairyman writes that he finds there is no more profitable stock to keep on a dairy farm than good pigs. He keeps two pure Berkshire brood so we and one boar, and raises four litters each year. The litters average eight each, and the pigs are sold when they are between four and five months old to make room for the new litters. They then weigh from 120 to 150 pounds dressed, and sell for seven cents a pound. Last year his pigs brought him in over \$250, and they did not cost \$50 outside of the skimmed milk and the buttermilk which they consumed. He has tried several kinds, Chester Whites, Yorkshires, Suffolks, grade Berkshires, and pure ones, and finds the pure Berkshire and the half breed of this breed and Chester White the best feeders. The meat of these two kinds will sell more readily than any others, being lean and fat mixed, while Essex, Suffolk and Yorkshire are all too fat for sale in the summer time. He cures the hams and the sides for bacon, and finds it is more profitable than selling the carcasses. He don't think anything on a dairy farm pays so well as good pigs properly managed.

SKILFUL SURGERY.

Removal of Urinary Calcult by the Keeps.

Mr. Simon Tetonic, of Sangerines, N. V., had been treated for severy years by various physicans for what they call stricture of the Urethra, without beened. He finally consulted Dr. Davis Sands of P. C. And Many Control Kennedy, of Roundout, N. Y., who found his room the to be Urinary Calcult, or Sones that the final street was emploid and perfect.

KENDALL'S

SPAVIN CURE

It curves Spavins, Splints, Curin Ring bones and all similar blemishes and removes the banch without blintering.

For man it is now known to be one of the best, if not the best lintment ever discovered.

We feel positive that every man can have perfect success in every case if he will only use good common sense in applying Kendall's Spavin Curs, and persevere in bad cases of long standing-Read below the experience of others.

FROM

COL. L. T. FOSTER

one day reading the advertisement of Kendall'
Spavin Curcin the Chicago Express, I determin
cutatione to try it and got our drugglets here to
send for it, they ordered three bottles. I tool
all and thought' would give it a thorough trial
I used it according to directions and by the fourth
lay the colvenaged to be lame, and the himp
had entirey disappeared. I used but one bottle
and the coll'alimbe are as free from lumps and a
smooth as any horse in the state. He is entirely
cured. The cure was so remarkable that I let two
of my neighbors have the remaining two bottles
who are now using it. Very Respectfully.

1. T. FOSTER.

Stoughton, Mass., March 16, 1880.

R. J. Kendall & Co., GENTS:—In justice to you and myself, think I ought to let you know that I have removed two horse SAAVINS with Kendall's Spavin Cure, one very large one. Don't know how long the spavin had been there. I have owned the horse six months. It took me four months to take the large one off, and two months for the small one. I have used 10 bottles. The horse is entirely well, not at all stift, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great.

Hebury, Vt., July 10, 1879

Presiding Elder of the St. Albans District.
St. Albans, Vt., Jan. 20, 1880.
20 R. B. J. KENDALL & CG., GINTS — In reply to your letter I will say that yesperience with kendall's Spavin Cure has been very satisfactory indeed. Three or four years ago I precured a bottle of your agent, and with it cured a horse of lameness caused by spavin. Last season my lorse became very lame and I turned him out for a few weeks when he became better, but when put him on the road he grew worse, when I discovered that a ringbone was forming. I procure a hottle of Kendall's Spavin Cure and with less than a bottle cured him so that he is not lame bettler can the banch be found.

2 Respectfully yours, P. N. GRANGER.

Statement Made

TO Whom it may concern.—In the year 1875 I treated with Kendall's spavin cure, a bone spavin of several months' growth, nearly half as large as a hen's egg, and comple ledy stopped the lameness and removed the enlargement. I have worked the horse ever since very hard, and he never has been lame, nor could I ever see any difference in the size of the hock joint since I treated him with Kendall's Spavin Cure.

Enosburgh Fall, Vt., Feb. 25th, 1878.
Sworn and subscribed to before me this 25th day of Feb., A. D. 1879.

John G. Jenne, Justice of Peace.

It has been assertained by repeated trials to be the very best liniment ever used for any deep seated pain of long standing, or of short duration. Also for Corns, Bunions, Frost Uties or any bruise, cut or lameness. Some are afraid to use it on human fiels simply because it is a horse medscine, but you should remember that what is good for beast is good for man, and we know from Experience that Kendall's Spavin Cure can be used on a child I year old with perfect safety. Its effects are wonderful on human flesh and it does not blister or make a sore. Try it and be convinced.

IS GOOD FOR MAN. Read of its effects on Human Flesh!

BAKERSFIELD, VT., Dec. 23, 1879.

B. J. KENDALL & CO.—Gents:—I wish to add my testimony in favor of your invaluable liminent. "Kendall's Spavin Cure." In the spring of 1862, I slipped on the ice and sprained my right limb at the knee Joint. I was very lame and, at times, suffered the most exerucializing pain. I wore a landage on it for over a year, and tried most overything in my reach, but could fain mothing that would give me permanent relief. When I overworked. It would pain me very much. In April, 1879, I began to think I should be a cripple for life, but, having some of "Kendall's Spavin Cure," thought I would try it, I used one third of a bottle and experienced relief at once. The pain left me and has not troubled me since. I teel very grateful to you, and would recommend "Kendall's Spavin Cure" to all who softer from sprains or rheumatism. Yours truly, Mix, J. BOUTELL.
